Marks

Synopsis

Marks is a compilation of poetry I have written over the past seventeen years. Each poem tells a story and each story captures a moment of my life in which I have felt something so intensely about a person, an experience, or about myself, I was inspired to document it. Every poem in this book holds in it a piece of me, and of my encounters with love, loss, pain, and desire. Any time an individual, an event, or an overwhelming emotion has left a mark on me, I have written about it in the form of poetry. For most of my life, I have been ashamed of my poetry because my poems told my secrets. I am ready now, however, to share the fragments of my personal story. Do you want to hear a secret?
