Modern Residential Wiring Workbook

Synopsis

Modern Residential Wiring Workbook provides exercises to help users learn electrical wiring principles and common practices. As it is based on the 2014 NEC[®], the user also develops knowledge of electrical code requirements. The workbook's content corresponds to the chapters of the Modern Residential Wiring text, 978-1-61960-842-9. Questions and problems are presented in a variety of styles, such as identification, true or false, multiple choice, fill-in-the-blank, and written answer.

Customer Reviews

Harvey N. Holzman is a master electrician licensed in the states of Texas, New York, and Kansas. He has over forty years of experience installing, repairing, and upgrading electrical systems for residential and commercial customers. He is a long-time member of the International Association of Electrical Inspectors.

Very pleased

It is not a book for learning the NEC, just some questions about it.
