Uncomfortably Happily

Synopsis

When the gentler pace and stillness of the countryside replace the roar of the city, but your editor keeps calling. With gorgeously detailed yet minimal art, cartoonist Yeon-Sik Hong explores his move with his wife to a small house atop a rural mountain, replacing the high-rent hubbub of Seoul with the quiet murmur of the country. With their dog, cats, and chickens by their side, the simple life and isolation they so desperately craved proves to present new anxieties. Hong paints a beautiful portrait of the Korean countryside, changing seasons, and the universal relationships humans have with each other as well as nature, both of which are sometimes frustrating but always rewarding. *Uncomfortably Happy* is translated by American cartoonist Hellen Jo from the acclaimed Manhwa Today award-winning Korean edition.

Customer Reviews

“This engrossing story of an artist couple who leave the noise and smog of the city behind for mountainside solitude is by turns delicate and raw, with artwork that ranges from the gently pastoral to the surreal and harrowing. Beautifully done.” —John Porcellino
“At first glance *Uncomfortably Happy* may look to be merely a sweet little story about youthful struggle, but page by page, it unfolds into a much more complex work. A book both dark and light, intimate, touching yet also exceedingly charming. All the stuff of real life.” —Seth, author of *Palookaville*
“[*Uncomfortably Happy* is] equally surprising and exciting as it is unpretentious....this book [documents] the path to wisdom.” —Du9
“It’s a gripping graphic novel, whose subject matter is much vaster than might be suggested... We learn a lot about South Korea... and a way of

life that is both more technologically driven and more traditional [than our own]. A beautiful discovery." [Àâ –â çLe Nouvel Observateur](#)

Yeon-Sik Hong was born in 1971. He began apprenticing in a manga studio in 1990, and wrote his first short stories (in comics form) in 1992, but commercial projects kept him from his personal work for another decade. In 2005, Hong and his partner tried to move to the countryside. Two years later, Hong began work on a graphic novel inspired by these experiences. Uncomfortably, Happily was published in two volumes in 2012: it quickly became a critical success, going back for a second printing and receiving the Manhwa Today Award. While theyÀâ –â,,çd still like to move back to the countryside someday, for now Yeon-Sik Hong and his partner are living on the outskirts of Seoul.

Loved it. One of the best things I've read this year. Hope to see more work by Hong translated and released in North America.
