The Penis

Synopsis

Anything and everything you need to know about your penis. This book covers everything that you as a man need to know about your most treasured possession including shocking and bizarre information you never would have dreamed! What it is, what it's for and how to use it. The history of the penis, what can go wrong and more importantly, how to put it right! Myths and legends are corrected by a highly respected sex Doctor who also explains phallic worship and the art of the penis. This is the ultimate guide. The performance of your penis, enlargement techniques and training and the science behind it all in one place from a pioneer of penis enlargement studies. If you have a question regarding this piece of your anatomy look no further. The answers are here.

Customer Reviews

Very interesting material. Not an easy topic to discuss but the author covers it intelligently and thoroughly. The seller shipped quickly and I also got the book at an excellent price - particularly

compared to what other sellers listed it for.
