# Lost Denver (Images Of America)

## Synopsis

Newcomers to the “Mile-High City” of Denver, whether arriving during the 19th, 20th, or 21st centuries, have often remarked on how new the city seems, and how proud its citizens are of it. Heady boom times at various intervals have inspired successive waves of city builders eager to make their mark by building grand, new edifices. Often, these new wonders replaced older structures that earlier Denverites had once seen as great accomplishments. As Denver has grown to become the hub of a major American metropolis, remnants of its earlier heritage have vanished into history, leaving newcomers to ponder, “What makes Denver Denver?” and longtime residents to ask, “Where has my Denver gone?” Lost Denver celebrates what the city once built and has since lost, along with what has made it unique, exploring where and how Denverites once worked, shopped, and played.

## Customer Reviews

Denver native Mark A. Barnhouse is the author of two other Images of America volumes, *Sixteenth Street* and *Northwest Denver*, and is a graduate of University of Colorado, Denver. For *Lost Denver*, he has searched through local archives and worked with various individuals to assemble the most interesting images, many previously unpublished.

I worry when I purchase a physical book as a gift or on behalf of someone. Will the copy actually be in new, excellent "gifting" condition? This was delivered in perfect condition. The book covers many

"memories" of growing up and living in greater Denver, Colorado. Great narrative, great photographs. Clear and printed well. Excellent!"You may be a Denver insider if you get the title of this review... Lol

I great look back at Denver in the 1950s and 1960s. An excellent assortment of photos and well written text. I enjoyed paging through past memories of my life growing up in Denver.

I moved to Denver at 22 years old in 1977 and the book made me feel like I lived here my whole life. Great read. A must for any Denverite.
