Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition

to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

I was surprised to find myself enjoying this book. Of all things it's rather fun! More importantly, it seems to cut to the quick of how to prepare for the GRE. In particular this book is valuable for its analysis of what GRE words are in vogue with those awful hipsters at ETS: They include recent words, as well as their "parade" of vocab that has filtered in and out over the decades. I like how it's structured and has sections taking different approaches to the vocabulary. I took the warm-up tests and then went straight to the section of word roots! I've generally liked etymology, and from that alone I picked up some very pleasing insights that I am sure will stick with me, even come the end of exam I utterly disgorge my skull of most words I will learn herein and promptly replace them with malt liquor.

Pretty good for vocabulary refresh.

Very useful

buy it ,no question this is one of the best product I've used Therefore I am not too happy with this purchase quality and efficiency are very good appearance They worked and are beautiful!!! My daughter will love it! Very nicely packaged.Bought a lot of things are very satisfied.Very good seller! arrived before expected, love them does exactly what it is supposed to do,nothing more,nothing less

Pre-ordered this item and I received it bent in half with a huge crease down the center of the cover and pages.
