Customer Reviews

Ordered for a class. The book arrived on-time and I am pleased with the content. It definitely helped with the curriculum of the class I was taking.

I gave this a 5 star rating for several reasons. First of all, it arrived faster than was expected which was fantastic. Secondly, the book was in perfect condition as advertised. I get a little hesitate about ordering some things online, but this lived up to my expectations. Thank you for that.

Great

This was a requirement for my class. It's a good book.

The book is used but in great condition... I'm really happy with my purchase. My school offers the eBook but having the hardcopy feels better to me.

It was easy to read

Quick and spot on to description. Thank you

I would recommend this book to anyone wanting to know the history behind the current US justice system. The authors do a good job of segmenting the justice system down into understandable and logical parts.
