# The Witness Of The Stars

## Synopsis

The Rev. E.W. Bullinger was one of the most prolific writers among theologians of the 19th century. His outstanding scholarship resulted in classics such as *Number in Scripture*. In *The Witness of the Stars*, Bullinger takes the reader back in time before God had given a written revelation. He asks the question, Did God leave Himself without a witness? Bullinger resoundly answers NO! He then proceeds to show how God declared his sovereignty over creation through the stars in the heavens. Bullinger strips away pagan falsehoods to reveal how the heavens truly proclaim the gospel of Jesus Christ as the only hope of salvation. Originally published in 1893, Alacrity Press is proud to make this classic book available to our generation.

## Customer Reviews

Excellent book on the meaning of the stars. This goes along with other well documented studies of constellations. Remember, God mentioned them in the book of Job.

Wonderful book! This information should be read and contemplated by anyone thirsting for the plan of God, laid out from the beginning. Bullinger correlates well-known scriptures, which suddenly make more sense. I am so happy I have this book.

If you thought the stars were just there for astrologists you couldn't be more wrong. This amazing work shows God's plan of Redemption in the stars.

E W Bullinger explains zodiac references in the bible

I recommend this read. I am not certain yet how accurate it is, but it does pique the curious nature within myself which spurs me to learn more. The format is a good mimic of a real book. I am happy it includes many important illustrations pertaining to the content.

This book is excellent for anyone doubting the Word, the Bible. The stars tells of the life of Jesus from birth to resurrection. God's plan was written in the stars long before earth was born.

Timeless treasures revealed in the stars. This is a book that will thrill and excite you as you look as what God has designed for us to see...the story of His Son, Jesus Christ, revealed in the heavens through his placement of the stars. Fascinating revelations.

Good product and good service
