Children's Book About Airplanes: A Kids Picture Book About Airplanes With Photos And Fun Facts

Synopsis

Emma Jacobs is pleased to present her new picture book for kids. This easy reading book for children contains fun facts about airplanes in detail among the content of, Children's Book About Airplanes: A Kids Picture Book About Airplanes With Photos and Fun Facts. This delightful picture book for children, ages about 4-10, contains a variety of fun facts about the aspects of airplanes and contains wonderful graphic images to accompany the story. It offers interesting facts, in simple language, and although appropriate for all these ages, for the 4 year old to early second grade, it will probably need to be viewed with a parent. Students will encounter new words and concepts. They'll read about some aspects of airplanes that they may not have known about, like the Wright Brother's, the very first airplane and Gliders. Other subjects in the book include, Jumbo Jets and Airplane-like Animals. In addition, the end of each chapter gives your child an extra factoid to encourage them to ponder over what they have just read. The images in the book are primarily colored Photographs that are stunning if read with a Kindle Fire or the Kindle Application on one of the tablet devices or the PC. Black and White readers will be also see them clearly but will just miss the added dimension available. Children will also find answers to kid-style questions like; Why is the design of the airplane important? How do Gliders fly? What is the biggest airplane? Teachers and homeschooling parents will find this book a wonderful addition to their nonfiction libraries. It provides selected passages on an assortment of subjects. Science facts, history facts, and cultural facts are all presented for the young reader. Great illustrations bring the text to life. The main subject of this e-book is to let your children explore the world of airplanes making this a fantastic addition to every children's library, whether on the child's reader or a parent's or grandparent's reader. It also makes a fantastic addition for reading in the car.

Customer Reviews

This book is just what it says that it is. It's for the kids. It's quite good for the kids. It explains a number of things about aircraft so that they can learn, and it has some good photos, although I do feel like it could use more photos.
