State Songs Of America

Synopsis

Complementing Shearer and Shearer's useful one-volume source of information on State Names, Seals, Flags, and Symbols, this book provides the music and lyrics for the official songs adopted by the state governments. Arranged alphabetically by state, each song has a single vocal line over a piano accompaniment, with one verse only under the vocal line and remaining verses appearing separately. Each entry includes the date the song was adopted, the name of the composer, and in some instances, a brief history of the song. The book will be a useful reference for those wanting to perform a state song or to find the official songs of other states.

Book Information

Hardcover: 184 pages

Publisher: Greenwood; First Edition edition (February 28, 2000)

Customer Reviews

There are few reference librarians who haven't been confronted with the dreaded state-song request at least once in their careers, and this book provides the solution, offering both words and music. Copyright © American Library Association. All rights reserved

"I have a weakness for reference tools that accomplish their tasks simply and efficiently. This new compendium does just that."-Lawrence Looks at Books"A helpful reference for any musical or state-history collection."-Today's Librarian"A helpful reference for any musical or state-history collection."-Today's Librarian?"I have a weakness for reference tools that accomplish their tasks

simply and efficiently. This new compendium does just that.?-Lawrence Looks at Books

Book is great, but I gave it to a friend and now I need another for me.

Very pleased with the condition of the book, it had been in a library. It was all that I needed for my performance. Prompt mailing and would recommend.

This songbook has the best 'Star-Spangles Banner' arrangement ever! That was the main reason I got it, although I enjoy playing the state songs (esp. Colorado's:)) as well!

I ordered this to use state songs for a piano recital. I had to simplify several, but was pleased to find these songs.

This book did not have as much umph As the State Songs: Anthems and Their Origins, but I did use it to compare arrangements.

This book, "State Songs of America" is perfect for creating programs for schools, organizations, and all other gatherings of people. I am using this for several programs. One being a program given for ladies of the United Daughters of the Confederacy. It will be "Name That State" after playing the song of the original eleven seceded states. What Fun...
