I am a partner at a large law firm. This book is a concise, straight to the point guide to effective behaviors for developing business. I wish I had a copy 20 years ago.

Helpful but fairly skimpy too...perhaps a newer associate would find it packed with great ideas, but not for older attorneys. With that said, we can always learn new "stuff" even from well known and older concepts...often we need to re-read things before we get the message we need to hear....would recommend but not at price paid (almost \$20).

An excellent resource for attorneys, law students, and -- frankly -- applicable to any young professional. Clear, concise, and can't recommend it more highly.

This is a must read for all attorneys looking to make their way into rainmaking. Ross once again makes the sometimes daunting task of getting business doable. We are recommending this book for all lawyers in our firm.

Definitely a must read for any attorney seeking to understand the best approach to marketing. Ross Fishman is the gold standard in legal marketing and this book is yet another example of his expertise.

Fantastic!! The book is a perfect guide for a young attorney's marketing success. I highly recommend it.
