Pulse Of The Jungle: Ayahuasca, Adventures, And Social Enterprise In The

Synopsis

Many people today feel trapped and unsatisfied with the way their lives are going, but those who do can take heart. Daniel Cleland is living proof that you can have it all—adventure, spiritual health, emotional fulfillment, and business success—if you are open to unique experiences, prepared to take risks, and willing to ignore the limits that you have imposed on yourself. Daniel's fearless curiosity and entrepreneurial vision carried him deep into the Peruvian jungle, a world away from his native Ontario and farther from the mundane than he ever thought possible. In the rain forest, he participated in shamanic rituals involving the powerful medicinal plant ayahuasca. The insights and enlightenment he gained awakened him to new commercial as well as spiritual opportunities and led him to create the Ayahuasca Adventure Center and Pulse Tours in the jungle's heart. PULSE OF THE JUNGLE is Daniel's fascinating chronicle of cultural immersion and bold innovation, coupled with enlightening stories of colleagues, artists, and others who also sought and achieved profound change in their lives. It will educate, enthrall, entertain, and illuminate while encouraging readers to embark on their own transformative life journeys.

Customer Reviews

This is a quick and enjoyable read about Dan Cleland's journey toward realizing his vision of creating a community of self-improvement and adventure, utilizing ayahuasca as a centerpiece. In the book, Dan shares personal accounts of several people who have undertaken ayahuasca journeys at his Ayahuasca Adventure Center in Iquitos, Peru. Dan also shares his personal story of how he got involved with the plant medicines, while offering the reader vivid language so as to depict the story more clearly. On top of this, he offers tips to anyone seeking a similar path of entrepreneurship. The book is very well written, and I highly recommend it for anyone interested in ayahuasca, or anyone interested in the counterculture. There are different ways of living in this life, and culture isn't always right. I am looking forward to more written work by Dan.

I absolutely loved this book. Having met Dan a number of years ago and followed his journey from afar, this book is an honest reflection of the events and thought processes that led to Pulse Tours. Dan writes in an honest and approachable manner which made the book difficult to put down. The book finds a good balance between describing Dan's personal life, business pursuits and the influence of Ayahuasca. There are numerous stories of personal transformation written by others also contained within this book which are truly inspiring. At times I felt like I was transported to the and this book has fuelled my desire to go back there!

Many people talk in platitudes about living the life that you want and following your dreams, but open this book and you get so much more than that. Dan shows you first hand what it means to take a risk and go against conventional wisdom. He regales us with stories beyond the scope of what most of us could ever imagine. Through all the trails he has faced, he didn't lose sight of his goals and was able to achieve success. He takes you into the shamanic ayahuasca ceremonies in the jungle. Dan is an adventurer, an entrepreneur, an environmentalist. An all around interesting person. I couldn't put this book down.

I truly enjoyed this book! I read it quickly in 2 days. Lovely and insightful. Great mix of personal story, business reflections and advice, and testimonials from passengers that have found healing

through the adventure center. Really great read! I think regardless of your knowledge or interest in plant medicines, you will get something out of this book. Highly recommend “f Å Å Å â ™ Å Å”

Loved it! Very inspiring & thought provoking! I had the fortune of going on retreat at his center as well & meeting all these individuals that were so amazing & full of light! It enriched my life so much! Thank you

Looks very interesting and I look forward to reading what I think every person should experience at some point in their adult life. Will follow up.

I enjoyed reading this book. I am going to go to Peru to try the medicine for myself and this book helped me in my research and helped me get over my fears. I look forward to another book with more testimonials. I am really excited that this is an option in my future. It gives me tremendous hope.

Amazing writer and journey! Thanks for sharing your work with the world and showing us what is possible. Highly recommend!
