Customer Reviews

Margaret Littman is both an old-timer and a relative newcomer to Nashville. After graduating from Vanderbilt University, she left Tennessee for points north over the course of her writing career. But after 17 years she could no longer resist the siren song of the Parthenon, bluegrass music, or fried pickles, so she returned to Nashville, where she writes about Music City, Southeast travel, food, pets, and more. An avid stand-up paddler, she loves being a day trip away from the Tennessee River to the south, Reelfoot Lake to the west, and Norris Dam to the east. There's nothing Margaret loves more than telling natives something they didn't know about their home state. And with 75,000 miles on her station wagon already, she has lots of ideas for little-known places to listen to music, eat barbecue, paddle a lake, hike to a waterfall, or buy works by local artists. Margaret's work has appeared in national and regional magazines, including Wine Enthusiast, Entrepreneur, The Tennessean, and many others. She is the author of several

guidebooks as well as the Nashville Essential Guide. Margaret has loved lots of places she's lived, but the day she looked down and realized she was wearing cowboy boots in synagogue, she knew she had become a Nashvillian.

This book came out just in time to plan our trip, and I carried it with me all over town. I loved the short and sometimes quirky descriptions, which told more about the real experience at some of the attractions than the brochures did. The maps were also really helpful, especially when we weren't right downtown.

I'm a Frommer's Travel Book loyalist, but Frommer's does not have a guide to Nashville, TN, so I purchased this one instead. We already had researched some things to see and do online, but this book was helpful to take on the trip as WiFi is not always dependable out on the street or even in our hotel room. It also provided interesting background information on specific sites and Nashville in general.

Best guide ever! Accidently ordered 2 but my Nashville friend wanted one! Loved the quick list of best to see and budget conscious ideas

This book has been extremely helpful in planning our vacation to Nashville.

User friendly and very informative.

Poorly organized and therefore difficult to use. The index omitted many sights and the letter headings were off.

Donated this book to my library; it wasn't as good as the one I borrowed from the library.

Floormat not easy to follow.
