Customer Reviews

Book arrived in great condition. I recommend this avenue of purchase 100%.

The book itself is fine but the rental option is a joke. I paid about 90% of the overall price (I had to renew because Property II uses the same book) and it doesn't even come with an e-book code. This makes sense since the first owner will have already redeemed it. Still sucks that I'm spending all this money and I don't get the benefit of the stuff in the e-book (quizzes, illustrations, etc.).

I spent an extra \$80 for a new book so I could use the online code for access to West Academic's online practice exams/guidance/etc. Code did not work due to their "system being down" for nine days now. Still hoping I can use my code at some point.

Exactly what I need for class.

The book is great (it is written very well), but I paid extra for one day shipping and I'm getting it 3 days later than I was supposed to.... a bit sad about this.

Punctual!

Who can use this review? A student reading it does not choose his casebook! This has been the best packaged book I've had as a 1L. Integrates to online material, ecopy free, and well balanced between cases, notes, and amplifying call out boxes.

This is the best law text book I have read. For the most part, the cases are easy to read and engaging, unlike so many other law text books.
