The Heifetz Scale Book For Violin

Synopsis

(LKM Music). The idea for the Heifetz Scale Book was to present all the great master violinist Jascha Heifetz's scale routines that were developed over his long career, but never written down. This edition by Heifetz's protege and world-class violinist Endre Granat is a self-contained master class for a lifetime of study in virtuoso technique! Includes a deluxe leatherette cover.

Book Information

Paperback: 64 pages

Customer Reviews

Awesome!

Finally!!! A Perfect Dream Come True!!! No Violinist On Earth Should Be Without This Book!!!

A no nonsense scale routine, I love books like this!

Great knowledge...

This incredible book is a must have for any serious violinist. Endre Granat is an incredibly successful and brilliant violinist himself and I'm thrilled that he has created this wonderful treasure. I teach at Duquesne University in Pittsburgh and all of my students will be required to acquire this all inclusive scale method!

These scales, developed by Heifetz, are a brilliant system for setting the left hand. This is far beyond the Flesch system or anything else around. One of the reasons must be that this system was designed by Heifetz, who used this as his preparation for playing virtuoso pieces. By contrast Flesch, Galamian, and other scale systems are Ætheoretical. They are thorough, but pedantic, academic, busy yet rather useless, designed by violinists who were not virtuoso players. One can say, yes I practice scales. But these systems do not meet the requirements of actual virtuoso playing. The Heifetz scales develop the hand in a certain way--a way, for example, that makes playing Ysaye's or Bach's solo sonatas much easier. This is a remarkable book and we are fortunate that the author has bequeathed to us this great legacy. It is a treasure to those who understand and recognize what these scales can do for one's playing.

WAS A GIFT

Amazing book.
