Customer Reviews

A unique and informative guide. A nice companion to the more traditional guides. One tip about pronunciation helped me tonight as I navigated my way across the City. Thank you!

I've traveled a good bit and this book answers the questions I ask before I go anywhere and anticipates some I wouldn't have thought to ask. It's well-written and to the point. I can't recommend it highly enough particularly if you're going to be in BA for more than a few days. I've never been to BA but have lived in Spain.

This book highlights some of things you should know before you go to BA. This is not a what to do and see book.

I am going to Buenos Aires in late November 2017. I will have my tablet with book loaded during the 3 weeks I will be there.
