Two collections of California's best. The latest addition to Collins's popular series ( America the Beautiful Cookbook, LJ 11/15/90; France the Beautiful Cookbook, LJ 10/15/89; et al.) is a locally specialized but stunning entry. The photographs of the California scenery/scene are varied and vivid, while the food photography is quite spectacular, and the recipes are far better and more interesting than those in several of the previous books. Recommended for most California libraries, and for any others that can afford this luxury. Like Robert Schneider's The Open Hand Cookbook ( LJ 11/15/89), the San Francisco Symphony's benefit cookbook offers a tantalizing collection of menus from some of California's most talented chefs. The roster of Bay Area contributors includes Jeremiah Tower, Alice Waters, Barbara Tropp, Ken Hom, and many other stars; many of the recipes are unmistakably "California," but they do in fact represent a wide range of styles, and they've been well edited for the home cook. Recommended. Copyright 1991 Reed Business Information, Inc.

this has wonderful recipes from all over CA. I'm from L.A. so the recipes from northern California were a treat.

Awesome book. Love this whole series !

I am a big fan of the entire series. Rich history, amazing photographs and best of all, exquisite dishes. The recipes we have tried so far have all been really good.

Book in excellent condition. Very pleased.

Love this weries

Great book

My entire shelf of cook books received severe water damage when our earthquake kit leaked 2 gallons of water. I liked my Italy the Beautiful book so much that I bought the replacement and found several more gorgeous books. I have most the whole series. The photos are close up and inspire you to cook healthy and fresh and take a road trip. The directions are easy and nothing is too complex that you'd need a culinary shelf of supplies.

Great and easy transaction
