Customer Reviews

If your professor assigned this book, you might as well just jump off a bridge now. This is the most horribly edited casebook I've come across yet---20 page case excerpts??? 15 page dissents???

The authors must have been paid by the page for this one. A complete joke. Not only are the cases poorly edited as such, but the book is just generally rambling, confusing, and offers very little in the way of explanation/commentary. Be prepared to teach yourself Antitrust and also cry yourself to sleep every night.
