Customer Reviews

Good and bad points
Bad first#1 The very first coin I pushed in the entire back came off the book. Rather than sending it back, I got a glue stick and fixed it. Probably my fault for not laying it on a hard surface but still the glue holding it together is minimal at best.
Good#1 Has all the date slots#2 Has slots also for the flying Eagle cents#3 Has the mintages of each of the cents to let you know how rare they are
On a side note, only a couple of years of IH pennies had mint marks

This folder is a great folder for storing your coins. The design hasn't changed from 30 or so years and they hold your coins very tight. It is so difficult to remove the coins, which is good.

Sure I'd recommend this book to a friend. It's just as nice as the ones they made years ago when I was a kid. They got to me quickly and in great shape. And this will suit my need perfectly to organize my coins.

I hate the backs come off of these but a little bit of glue puts them right back on.. Other than that their fine..

I bought this Indian coin Book for myself but wound up giving my grandson the book and coins! Now

I need to get another! Very colorful color. Everyone should get book with me!!!!

Great product for the money

another perfect folder from whitman. was pleased with the added flying eagle cent slots in it. I only have one, but now it has a home! ;)

Great coin folder, does a good job explaining the different types of pennies during the era covered (flying eagle, multiple Indian Heads)
