Best Sellers Rank: #183 in Books > Audible Audiobooks > Fiction & Literature > Horror #586 in Books > Audible Audiobooks > Science Fiction #684 in Books > Science Fiction & Fantasy > Science Fiction > Post-Apocalyptic

Customer Reviews

The long awaited continuation of *Zombie Fallout* and Talbot's comedy of errors that is his life continues. While I thoroughly enjoyed this installment, it is a bit darker than the previous ones. But it is still Michael Talbot and there are enough laughs, chuckles and tears to keep every Talbot/Tufo fan happy. The Eliza saga is over which led to the Demense group and the wild ride that left us breathless. But it was all a prelude for what was to come. ZF9 is the beginning of another twist in the life, past, present and future of Michael Talbot. At the end of ZF8 we get a glimpse of Payne, Charity and Sofia, the three vamps that are determined to learn who is responsible for Eliza's death. Do they care, no but they are curious and three curious vamps are three too many. (possible spoilers) They arrive and humanity, what is left of it, will tremble once again. The Talbot clan has regrouped and do what they do best, survive. But not without a serious confrontation that will leave everyone reeling on so many levels. However we do see the beginning of another twist in the Talbot saga, a small hint of what is to come. If you've been following our intrepid hero then you will immediately know as he is reminded of other realities and perhaps a glimpse of what the future holds for him. New players are slowly introduced that will undoubtedly reveal more but for now all

we can do is wait for the next installment to learn more about the mystery that is Michael Talbot.

"CONTAINS SOME SPOILER ALERTS! So stop reading this review if you have not read this book yet! Still lots of zombies, but this time they are teaming up & showing some intellect. This ZF book was slightly different than the other 9 because Mark Tufo seems to give us more insight into some of the more low key characters like his brother Ron, who we watch experience the loss of losing his wife Nancy, a daughter who Talbot had found a zombie in earlier ZF books & the loss of their father in the earlier ZF books. Ron is the older brother Talbot turned to for help in earlier ZF books and he is also the hardcore fanatic who planned for an apocalypse. Talbot sees him as more of a father figure in the ZF series, but when Ron has somewhat a diminished capacity to live after what he experiences losing his wife, we see that Talbot who we always knew acted like the leader & risk taker is now the actual leader everyone turns to for sound advice. Talbot may seem like he doesn't know what he's doing, but in this ZF he pulls it together to save who he can of his family & friends. We also see the usual BT, Talbot's side kick making us laugh at the situations Talbot always seems to put him in. Trip, the crazy stoner, who may not actually be crazy & his wife. Plus the usual family members, Tracy, Talbot's very intelligent wife, who constantly must look out for Talbot himself & the rest of the family, to include Nicole, giving birth to Talbot's first grandson. As an avid reader & fan of Mark Tufo's work, I am curious to see what happens to Talbot's heirs in this series after reading the Lycan books, I don't recall if there are any Talbots left, which I would think would be odd given Talbots as a whole ability to survive & prosper. I look forward to some more ZF & other books written by Mark Tufo. I am excited to read some more of the Lycan series to see how Talbot survives the werewolf crisis. I was also disappointed it is taking so long for the audible version of this book because I so enjoy listening to Sean Runnett, who reads all the characters well. He sounds just like you picture Talbot would sound. He has Talbot's voice & mannerisms down to a T, Plus he does an awesome Tracy & BT. Either way I have read the book now & will await to enjoy the audible version. "Keep it up Mr. T", as Tommy would probably say. He is also a main player in this book, but this time he acts quite mature, given his kindness & aversion to not eating... Is somewhat odd for him, but I do believe it's time that Tommy act more his age, but maybe a little less serious all the time. Until the next Tufo book on Talbot's nutty adventures!

I really like Mark Tufo's work. His mix of wit, one liners and violence and gore make an interesting and intriguing mix. That being said, it might be time to end the Zombie fallout series. It seems to have gone a bit off the rails, zombies are getting smarter or bigger and there are

more supernatural creatures than you can shake a stick at. This one doesn't seem to move the overall plot along very much and it leaves the reader hanging (I think, I'm a bit confused with the "lost chapters" which is a pet peeve of mine but I'm so invested in the series now it's hard to stop, plus it's full of those funny moments that I can't get enough of which help me enjoy the book.

I love zombie and apocalypse books. This has got to rank as one of the best series that I have read. Mr. Tufo is an amazing author. His characters are alive and likeable (some) and this storyline is fantastic. Mike Talbot is my hero. Funny, brave and protective of his family and friends at all costs. I'm not much for vampires but somehow they fit right in there with the zombies. There is still a lot of unanswered questions. Where is Vivian? Who or how are the bulkers increasing in intelligence? Is there another shadowy government takeover going on? Need more answers! You keep writing and we will keep reading. Really entertaining. For a fast paced, sometimes funny good read please try this series. You won't regret it!

Just finished ZF9. I am bummed out!!! I started the Zombie Fallout series a couple of weeks ago... Book 1-9. At around book 3 I was dreading getting to book 9. Literally dreading. Book 4 ... Uh oh, only 5 more books. Book 7... Oh no, it's going to be over soon. And now I read the last words of book 9 last night and I'm depressed! I miss the Talbots already. Listen, if you love apocalyptic fiction, zombies, vampires, God, dogs (especially dogs!) friends and family with some humour thrown in, **START THIS SERIES IMMEDIATELY!!!** You won't be sorry. I'm a middle aged female.... Not a very typical fan of the zombie genre. But I've always been drawn to apocalyptic fiction since I was kid and zombies are frequently the cause of the downfall of human society, so I endure the blood and gore. I usually skip over the few graphic sentences, not because I'm squeamish but because for me it's just a means to end (no pun intended)! Again, start this series... You'll fall in love with the Talbot clan and their friends and you'll want their journey just to keep going and going. I only hope Tufo plans on a long continuation of the series.
