A convenient sturdy map. Out of necessity the print is very small, which makes it tough for me, but if you need a map, I think this is a good one.

Not a great map for trying to find streets. Not a real grid to look things up. Very small print also and it would be nice to have a larger metro map. Wish someone would make more maps like the penguin map guided by Michael Middleditch. His map guides for Paris, London and Amsterdam are fabulous. Don't know why other cities don't have similar maps.

I was disappointed in the fact the metro map is not up to date so when I got to Barcelona it was not useful. The rest of the map was helpful in knowing landmarks and where to go visit.

Good map. Lots of info. Will be very useful. Compact.

Accurate, easy to use

Nice map. We just used our phones while there, but it was nice while planning.

Very happy with the quality of the product.

I took this map to BCN with me, last minute, and I NEVER PUT IT DOWN. Something is so much better about looking at a real map as opposed to your phone. I could make out all the wording and found every street I wanted. That's not asking too much! I needed 1 piece because I hate turning pages, and I needed laminated because It Rains Sometimes! I promised myself I'd write a good review when I got back, so, here it is. (Ta Da !!)
