The Tantra Experience: Evolution Through Love

Synopsis

This life is a gift from existence, to be lived and enjoyed. But with the seemingly impossible and conflicting demands of society, morality and culture, people struggle with feelings of unfulfilled potential, frustration and guilt, rather than living full lives. The world of Tantra has no division between higher and lower. The simple, ordinary, things of life are transformed into great things when we enter into them totally -- be it car fixing, floor cleaning or lovemaking. Osho shows how, living this vision, new heights of consciousness and freedom are realized. "The days of tantra are coming. Sooner or later tantra will explode for the first time in the masses, because for the first time the time is ripe -- ripe to take sex naturally. One thing to be remembered always: if you are not very alert you may go on believing that you are moving into tantra, and you may be simply rationalizing your sexuality -- it may be nothing but sex, rationalized in the terminology of tantra. If you move into sex with awareness, it can turn into tantra. If you move into tantra with unawareness, it can fall and become ordinary sex."

Customer Reviews

I really enjoyed this book. There were many jewels of wisdom to be found throughout. If I could give this book 4 1/2 stars I would. The only downside is that I read Tantric transformation first. That book had slightly more resonance with me. Overall very interesting and insightful.

I had to buy the book after reading the sample. I recommend this to people interested in philosophy, culture, religion, non-dualistic spirituality. I can't wait to read more. It gives a deeper perspective on things.

Such a clear vision, and an ability to communicate very complicated concepts in a so easily understandable language. But his real message is this : don't just read about it, experience meditation!

Without truthful radical internal destruction and disturbance, there may not be any true transformation. Read with open mind and decide for yourself

I've always loved Osho tarot cards but this is a step above that, in that it gets you out of the ego mind that we humans are in for most of our lives, generally speaking. I did not know what Tantric experience was until I read some of this book which is a work in progress....more later.

I learned more about the subject's ancient history reading OSHO than in another book I've read. It is a series of talks and somehow they are all interconnected. It is good!

Osho is the greatest

Love Osho, gentle, kind, compassionate, direct.
