Good info but dated. We didnt notice it was from 1998 and on the boat there seemed to be a newer version

Great book full of wonderful detail about the route of the Norwegian Coastal Express. A great tool for planning a trip.

Companion to a great voyage but only as a supplement to onboard literature

Book is helpful in planning our Hurtigruten trip next year. Recommend.

This book was essential in our effort of understanding the country of Norway, where we were going to visit. The book gave us insight to some of the most beautiful landscapes we have seen thus far, and that includes New Zealand and Alaska. Norway is a must see and Hurtigruten's cruises are among the best. Don Bohringer

Reading this booklet makes me want to go back for another trip along the most beautiful country in the world, Norway. My first trip was in 1998, and I'm more than ready for another one.
