Room At The Inn (The Jeff Resnick Mysteries Book 3)

Synopsis

Jeff Resnick is definitely out of his element when he and Maggie take a working vacation at a quaint Vermont inn. For most people, the chance to spend time with a beautiful woman in a romantic, isolated setting would be a plus, but the moment Jeff crosses the Sugar Maple Inn's threshold, his sixth sense warns him that someone is about to meet a violent death. His anxiety intensifies when he travels on one of the local roads and he is nearly overwhelmed by feelings of impending doom. Ultimately, Jeff can only find respite in his brother Richard's presence and it is only after one of the inn's guests is murdered that Richard reluctantly becomes a third wheel on Jeff and Maggie's trip. With their own lives at stake, Jeff, Maggie, and Richard must use all their wits and skill to bring a ruthless killer to justice. And if they don't, one of them might just become the next victim. # # #The Jeff Resnick Mysteries: Murder On The MindDead In RedRoom At The InnCheated By DeathBound By SuggestionDark WatersOther Jeff Resnick StoriesWhen The Spirit Moves YouBah! Customer Reviews

This was the 5th book in the Jeff Resnick series I have read. I started off with *Murder On My Mind* and downloaded each book as soon as I finished the one before. Although this book starts off a little slower than some of the others it is nonetheless intriguing. I love the main characters and feel I have gotten to know them pretty well. This book kept me guessing to the end and thoroughly engaged in the story to its ultimate conclusion. I recommend this book and all others in The Jeff Resnick murder mysteries. L.L. Bartlett has become one of my favourite authors.

"Room at the Inn" turns out to be the third in the tremendous series revolving the life of Jeff Resnick. Jeff was an insurance investigator when he received a mugging that changed his life. Jeff is a psychic. Now, not one that finds ghosts or reads palms, but the type that can 'read' emotions on certain persons and places or objects. As Jeff and his girlfriend, Maggie arrive to do a magazine layout for Maggie's school chum's bed and breakfast, Jeff is assailed by 'death.' Now he doesn't know if someone has died, is dying, or will die, but he knows the Inn is connected. Even more scarily, he knows that he, himself and Maggie must become involved. Jeff's main support since the accident is his half-brother, Richard Alpert. Richard is a medical doctor and tries to keep Jeff's pain (brain injury) at a livable level. Jeff 'knows' that he must have Richard's aid on this trip, but why? Also, what is with that stretch of highway outside of Stowe, VT that terrifies him? Are all the three connected? This novel is a murder mystery series, but really it is much more. The pace of the dialog and storyline is that of a major suspense novel. Yet, we become so comfortable with the characters, it reads like a cozy mystery going down your throat like warm honey. As with many top mysteries, the story is told from the male viewpoint and is refreshing in its outlook and understanding of emotions. This novel was written but not published at the time. It is an intricate part of the series. I seriously suggest that the reader read the books in order. You will not be sorry. Ms. Bartlett is going to be one of the major suspense novelists of the twenty-first century and I, for one, can't wait to read the next novel in the series.

This was a special book to me in this series. I've read all the Jeff Resnick books and found them to be in a class by themselves. The paranormal theme is not far fetched, on the contrary, due to Jeff's horrendous mugging that took place months ago, his psychic abilities seem quite believable. This story begins with Jeff and Maggie being asked by Maggie's friend, Susan, to do an article on the Sugar Maple Inn. Susan and her husband Zack have put all their finances into making a go of this B&B. Located next to a ski resort they could make quite a bundle during the skiing season. The problem was getting enough paying guests to enable them to renovate the rooms beforehand.

That's where the idea for this article comes in. Maggie doing the writing and arrangements of the rooms while Jeff takes all the pictures. The photography equipment costs money and Richard, Jeff's brother, was there for Jeff for that endeavor. But something doesn't seem right to Jeff. Negative vibes keep popping into his head and he decides to call on Richard for assistance. At first I was already for Jeff to be totally abandoned in this psychic world that's now a part of his life, but I was especially pleased when that was not the case. Richard not only chose to answer his brother's call for assistance but actually was communicating with Jeff on every angle of what Jeff's psychic senses were showing him. That's the special quality for me in this book. Jeff was not abandoned and his brother, Richard, proved that over and over. They worked as a team delving into the unknown as to what lie beneath the surface of Jeff's sense of urgency. Maggie also played a vital role as their relationship rose to a higher level. They were working on their magazine article project together, communicating about what their take on the guests as well as Susan & Zack were as well as her accepting Jeff's psychic abilities in order to solve this mystery. If you want to read a book that opens up the possibilities of another dimension in a mystery then you may want to consider "Room at the Inn" and the Jeff Resnick series.

This was the second book I have read in the Jeff Resnick series and probably the last one. This book suffers from poor character development. As I was reading the book I felt like I was at a really poorly done murder mystery party. It was very difficult to keep track of the potential "suspects" or what their motivation might have been to commit murder. The other part of the book was the ending it seemed to me the author was racing to the finish and w/o spoiling the ending I was surprised that it ended so abruptly. My bottom line is that I am probably finished with this author although I really did enjoy the first Resnick mystery - the second book left me wanting my time and money back.
