Jeff Gordon: His Dream, Drive & Destiny

Synopsis

Jeff Gordon: His Dream, Drive & Destiny is a New York Times best seller! “People are going to be able to read about me like they’ve never read about me before.” says Jeff Gordon. “We reveal some things that are definitely a little controversial, whether it be my divorce or talking about my parents’ separation, as well as the relationship between Jimmie Johnson and I. Although I’m a huge supporter of his and friend of his, how that has been challenged over time, as well as the separation with Ray Evernham when he left the team. It hasn’t always been great, perfect and happy times. It was tough to tell myself that if I’m going to write a book, I want it to be done in a way that shows who I truly am and the things I went through and not hold back. I think Joe Garner did an excellent job of pulling that out of me, although it was hard at times.” The first-ever authorized biography of Jeff Gordon, the four-time champion racing legend. For over a year, Garner interviewed and observed Gordon at races, special events, and at home. The book is based on extensive interviews with Gordon as well as in-depth interviews with dozens of family members, friends, competitors, and colleagues, some of whom have never gone on the record before. Jeff speaks candidly, sometimes brutally so, about his childhood, his much publicized divorce, those he competed against, his family, and life after racing. This fully illustrated hardcover biography will allow privileged access to a wealth of exclusive unseen and rare material from Gordon’s personal photo and memorabilia collection. Gordon’s meteoric rise through racing’s ranks is a classic American success story. Readers will find inspiration in Gordon’s candid take on his pivotal life episodes.

Six-time New York Times bestselling author Joe Garner has become one of the premiere chroniclers of America's popular culture. With his seminal work, *WE INTERRUPT THIS BROADCAST*, he took publishing by storm, selling nearly 700,000 copies and hit the New York Times bestseller list in two consecutive years. He has produced several other bestsellers. His most recent New York Times and USA Today bestseller is *100 YARDS OF GLORY*, about the greatest moments in NFL history, with Bob Costas. Gordon and Garner first worked together in 2006 on the multimedia book titled *SPEED, GUTS & GLORY*, about landmark moments in NASCAR history. Gordon narrated the video chapters that accompanied the book. Tom Cruise is an American actor and filmmaker. Cruise has been nominated for three Academy Awards and has won three Golden Globe Awards. He is also a huge Nascar fan.

I watched my first NASCAR race at the Texas Faces in 2015. I knew next to nothing about racing, although I had heard of Jeff Gordon. I was with my sister and her husband who were avid fans and they were trying to get knowledge up to speed as quickly as possible. It was with total fury that we watched Kezowski wipe the 24 tire, and Jeff Gordon, out of the race. Gordon may have gotten over it but we didn't. From that moment I was hooked on racing and I am so pleased to learn about the man behind the wheel. The book was well-written, informative without being cloying or egotistical. I recommend this book to anyone who enjoys a good read, enjoys biographical books or just wants to learn more about this enigmatic driver.

Finished reading this book, what a great story on Jeff's career. Highly recommend this book. Great pictures, some I have never seen before.

Great book. Lots of history and insight to what got him to where he is. A must read for any Gordon fan. Many never seen pictures.

For someone that didn't get into the sport till recently, this was a great read to see the history of prior races and how he was able to race all over the US as a kid to move up the ranks. I also enjoyed the personal aspect of it, which most people that write this type of book would not do. It

shows that the book wasn't going to be one sided, and that is very commendable. Good luck working for FOX, Jeff.

I was looking forward to this book since released because I'm a big NASCAR and Jeff Gordon fan ever since he started racing in NASCAR. This book did not disappoint me at all. In fact, I learned some things that I didn't know about before. If you're a racing and/or Jeff Gordon fan, this book is a must read. Well worth the money to have it in my collection.

Nice hardback book about Jeff Gordon's career with lots of pictures and information on the driver during his racing career.

I really enjoyed this book of Jeff and his ups and downs. Of course, 99% have been ups, however I really loved this book. It made him sound more like a human instead of someone that was had been in the limelight for most of his life. I definitely am glad that I bought and read this book about his up's and down's. He is a class act as far as I'm concerned. Of course, Kyle Larson is by far my favorite driver and can't wait until Feb

Delivered in great time and in great shape...have not read as it is a Christmas present, but I did scan a few of the chapters and it looks awesome from what little I did read. :)
