Bought this map several days ago for my forthcoming 1 day visit to Dubai. After folding and unfolding the map several times I noticed that the map is beginning to fall apart, not sure will be able to use it even for a day in the city. On the positive side - the map is laminated, but this is making the use of highlighters not efficient. The map itself is OK, but the scale is not detailed enough. One side of the map is slightly enlarged (maybe 30%) version of the other side, instead of detailed view of some important areas.

I am traveling to Dubai in 2011 and am trying to get my arms around the layout of the city so I can select a hotel and figure out what I'd like to visit and their proximity to each other. This map was absolutely perfect. It is labeled clearly and most of the landmarks and hotels are listed. The Metro stops are also listed. I feel much more confident in my decisions now. Great reference and a must for anyone planning a trip to the area.

It's a good detailed map although it is not very convenient to carry around. It opens up to a quite large size
