Customer Reviews

Needed a guide book for lisbon but i didnt want to be weighed down by a big book. This pocket size guide has a map and also a very good amount of info about all of the major sights and facts about lisbon. I purchased this book mostly for its form factor and publish date to make sure all information is current.

This book directed us to the excellent Lisbon restaurant, 100 Manieras. For that service alone, it deserves a couple of stars. As for the rest of the book, it does a fine job, as you would expect. There is one serious downside: The book contains links to Offline Maps as well as Google Maps next to each site, place, monument, shop etc. However, none of those links work in the Kindle edition. Instead of a map, what you get is the Oxford Dictionary explanation of the word "Offline"! And that always happens your Kindle, and sometimes when you read the book on a PC.

Good small preparation guide which will be handy on the ground because of the excellent maps.

Great pocket guide! Had plenty of options, tips, hints, etc. for my girlfriend and I to check out during our stay in Lisbon. The fold out city map is a nice feature.

Such a little, very handy book with tons of information. This will obviously be the guide that is never left behind in the hotel. Lonely Planet never disappoints. Can't wait to get to Lisboa!

nice pocket book

Very useful

Don't think I like the pocket guidebooks as much as the city ones. There were a bunch of restaurants recommended in this guidebook that were actually closed but I'm not a huge foodie so

not a big deal, and I'm sure that happens a lot with guide books.
