## Customer Reviews

I'm the type of person who needs to know exactly how sentences are put together before trying to

speak a language, pronunciation guides, extensive vocabulary lists, and interactive exercises. Packed with dialogue examples and self-tests. This book will have you speaking and understanding Ukrainian in no time. Absolutely amazing!

This is a must have book for anyone wanting to learn the basics of ukrainian language. I found this book so helpful. Needed a quick little book with basic phrases for travel. I know some ukrainian. mostly medical. this was the perfect book for me. Practical and short cuts to remember important things related to grammar.

I read this with my book club, and we found many topics we could discuss from the obvious the tractors to Ukrainian history, family relationships etc.

I enjoyed this book, is presented good ukrainian learn explanations and ideas on conversation. Sometimes there are sentences with the good word in them. Good book to read to gain knowledge on conversation though.

Great resource for any young guy looking to travel. Certainly wont be disappointing. This guide will get you up to speed on Ukraine, which is particularly useful if you're planning a trip. Otherwise, it will likely convince you to go for one yourself. The people, the culture, the touristic hotspots, and last but certainly not least the dating are great reasons to visit. This book is the definitive go-to guide to ease your learning curve and make your stay the best it can possibly be. All in all a comprehensive, yet no-nonsense guide to one of the most mysterious and attractive countries of the moment.

I am a Ukrainian and my fiancÃ© is English-speaking who wants to learn my language. I bought him this set and it is good. The disappointing thing is that we could not find more lessons, so he only learned the very basics. This is a very helpful introduction to basic Ukrainian conversation. The units are very rational and coherent, and they are particularly helpful in learning the sounds of spoken Ukrainian as well the structure of basic, everyday sentences.

Visiting Ukraine is one of my target this year and this guidebook will help me prepare for my trip so that I will have an unforgettable getaway in this country. A nicely written travel guidebook that can surely helped me enjoy my vacation in Ukraine.

This book was interesting to me as i'm really like to learn other languages. In this book i was able to learn Basic Ukrainian. This book really inspired me to learn this language more. Worth read.
